

2020 LSM experiment meeting Introduction

December 14th, 2020

J. Gascon, scientific director

Goal of meeting

- Exchange of information concerning the scientific program of the LSM experiments
- Exchange of information between the experiment contact persons and the LSM direction, and between the contacts themselves
- Topics:
 - Main events and achievements in 2020
 - General program for 2021, including special periods of activity
- Useful source of information to prepare activity summaries for IN2P3, University, “Conseil Strategique Externe” & “Comite de Pilotage”
 - Indico site to keep slides accessible for me + contacts

Conseil Strategique Externe

- Advises IN2P3 and UGA on the general organisation of LSM
- Members:
 - Nigel Smith (SNOLAB), Sean Paling (Boulby), Stefan Shonert (Legend) and Elena Aprile (Xenon)
- First (virtual) meeting on June 3rd, 2020
 - No formal report: first contact & general remarks on mode of operation
- Site visit scheduled in October
 - The committee did not want to schedule a meeting with experiments yet
 - Visit cancelled due to travel restrictions
- Next virtual meeting : February 2021
 - Report to the Comite de Pilotage, March 15th 2021
 - Request to experiments: list of publications, + update to today's presentations
