

HOTEL RECOMMENDED FOR THE ECRIS 2010 WORKSHOP at Grenoble, France

All the following prices have been negotiated, except for the IBIS. These hotels are all located near to the train and the bus station. From these hotels, you can reach the town centre by tramway or just by walk (15 min), and also reach the workshop place conveniently. If you wish to have a high level international standard hotel, please select NOVOTEL, EUROPOLE or IBIS. The hotel Institut proposes an interesting breakfast buffet that can be upgraded with ham, eggs on query (please ask them at the time of reservation). The Hotel Institut will host the cocktail reception on Sunday 22nd August. The Hotel des Alpes and Hotel Institut are a very good compromise between quality and price. Hotel Gloria is the cheapest hotel of the list: decoration is getting old, but it is absolutely clean, breakfasts are simple, to be recommended for people wishing to save money with a * quality.
