

## **Session Program**

**25-27 Mar 2013**

# **ESS Science Symposium on Neutron Particle Physics at Long Pulse Spallation Sources Beam experiments II, In-pile experiments**

LPSC Grenoble, Amphitheater  
53 rue des Martyrs 38026 Grenoble Cedex

## Tuesday 26 March

08:30

### Beam experiments II, In-pile experiments

**Session** | **Location:** LPSC Grenoble, Amphitheater, 53 rue des Martyrs 38026 Grenoble Cedex

08:30–09:00

#### Measurements of Correlation Coefficients in Pulsed Neutron Beams

**Speaker**

Bastian Märkisch

09:00–09:30

#### Neutron Beta Decay at the ESS - Beamline parameters and performance for a PERC-like instrument

**Speaker**

C. Klauser

09:30–10:00

#### Ramsey Experiments using Neutron Beams

**Speaker**

Florian M. Piegsa

10:00–10:30

#### Bound Beta-Decay: BoB

**Speaker**

Josephine McAndrews

10:30
