

Session Program

25-27 Mar 2013

ESS Science Symposium on Neutron Particle Physics at Long Pulse Spallation Sources

Neutron Oscillations

LPSC Grenoble, Amphitheater
53 rue des Martyrs 38026 Grenoble Cedex

Wednesday 27 March

11:00

Neutron Oscillations

Session | **Location:** LPSC Grenoble, Amphitheater, 53 rue des Martyrs 38026 Grenoble Cedex

11:00-11:30

Neutron oscillations and its implications in physics and astrophysics

Speaker

Zurab Berezhiani

11:30-12:00

Testing baryon number conservation in braneworld models at ESS

Speaker

Michaël Sarrazin

12:00
